PROBLEMS AND CONCERNS

1. With the loss of the two 4x4 vehicles that were taken out of service we no longer have the ability to do the following.
 - a. Transport our underwater camera equipment, which includes a 2.5 kw generator, monitors, marker equipment to the scene of an accident.
 - b. Transport our dragging equipment to the scene of an accident.
 - c. Transport our lighting equipment, which includes a 5 kw generator, and lights.
 - d. We cannot tow boat 218 and boat 220 where needed, to lakes or the river.
 - e. Concerning off road details, we do not have the ability to move personnel and equipment adequately to the scene.
