FORT THOMAS (FOX19)-- The Campbell County Coroner is heading to a scene where a body was found in a submerged SUV in a pond in front of a condominium complex Wednesday afternoon.

Police was called to a condominium complex on Grand Lake Drive for a report of a car found in a pond in front of the building. The Northern Kentucky Rescue team sent divers to the scene and discovered a body inside the SUV.

Investigators say there appears to be a set of tracks on the parking lot pavement leading to the pond.

The coroner is heading to the scene.

FOX19 is on the scene and will bring you the latest as soon as more information is released.
